### How to Exercise the Bowels

OUR Intestines are fined institle with millions of suckers, that draw the Nufritton from food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison rom it instead of Nutrition. This Potson makes a Gas that injures your system more than the food should have nourfshed it.

The usual remedy for this-delayed pasaage (called Constipation) is to take a big dose of Castor Of.

This merely make slippery the passage for unloading the current cargo.

It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles, and weakens them for their next task,

Another remedy is to take a strong Physic," like Salts, Calomel, Jalap. Phosphate of Sodium, Aperient Water, or any of these mixed. What does the "Physic" do?

It merely flushes-out the Bowels with waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

Cascarets are the only safe medicine for the bowels.

They do not waste any precious fluid of the Bowels, as "Physics" do.

They do not relax the intestines by greasing them inside like Castor Oil or Clycerine They simply stimulate the Bowel-Muscles to do their work naturally, com fortably, and nutritiously.

They are put up in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble. The time to take a Cascaret is not

only when you are Sick, but when you first suspect you need one. Price, 10c a bex. Be very careful to get the genuine. made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." All druggists,
